FLEX-ABILITY CONCEPTS...KEEPING YOU AHEAD OF THE CURVE

Using Flex-C Plate with new Hammer-Lock your creative abilities are unleashed to a world of endless possibilities. Also, labor costs are reduced because using Flex-C Plate is fast and easy as 1, 2, 3.

Quick Curve Plate

FLEX-C PLATE™ WITH HAMMER-LOCK
2x4 & 2x6

FIRST— Bend the plate to the desired position. The pivotal sections of the plate make it easy to create the perfect curve with no uneven or flat spots.

SECOND— Hammer/Flatten the Hammer-Lock tabs on a concrete surface to secure the shape of the plate. For even more strength and for sizes without Hammer-Lock, install self-tapping screws into the sides of Flex-C Plate.

FINALLY— Fasten the Flex-C Plate to the decking or joists.
Quick Curve Plate makes adding a distinctive feature to a home quicker and simpler than ever. Just 3 easy steps!
